NUMBER 45.

The Starting of Commercial Club.

The most prominent of our business men have long ago learned that in order for our city and county to make any noticeable progress they must have a Commercial Club or a similar organization to set forth its advantages and resources. But the eternal question has always been, "who will start the movement?" and so far the question has been unanswered. We will start it. How? By issuing a history of Paris and Bourbon county. A book 12 by 18 inches in size, printed on the finest book paper, illustrated with fine and original half-tone photographs of the principal streets, residences, churches, business houses, farm, business and professional men. A book that every citizen will not only be proud to file away in the archives of his library, but will want to send to his friends and relatives abroad as a souvenir of his city and county; a book that will be of untold benefit as an advertisement of Paris and the grand old county of Bourbon. See further particulars in next issue.

The Latonia Derby.

The Latonia Derby, Saturday, was won by Talbot Bros., of this county, but was given to The Foreman, a millionaire's horse. It was conceded by every one present that Hambright was the rightful winner, except the judges, who are the works. They had to be content with about \$400 of the big stake for second horse. It was a raw steal by the officials and if the Bourbon turfmen would do the right thing they would never start another horse at Latonia. The owner of the horse the judges decided in favor of is a millionaire and also owns controlling interest in several big race tracks, and it can readily be seen why he got the decision—somebody wants a job on one of the tracks at some future date.

THE FAIR.

DEATHS.

Mrs. Nannie B. Burke, wife of Deputy Sheriff James Burke, died at St. Joseph's Hospital, Lexington, at 8 o'clock, Friday morning, June 2d, after having undergone an operation for the removal of a tumor. Mrs. Burke was a Miss Blake, of Centerville; her father the late Thomas Blake, was one of Bourbon's best and most successful citizens. She is survived by her husband, mother, two brothers and a sister. Mrs. Burke leaves many friends to mourn her removal from their midst. She was a tender and loving wife, a dutiful daughter, a true friend and above all a conscientious Christian woman.

The funeral services were held at the Catholic church, Sunday afternoon, at 3 o'clock, by Rev. Father E. A. Burke.

One of the largest funeral processions ever seen in Paris followed the remains of this good woman to her last resting place in the Catholic cemetery.

Miss Josie Gorey, aged 15 years, died at 8 o'clock, Saturday night, at the home of her parents, Mr. and Mrs. John Gorey, on Vine street, of typhoid fever. Miss Gorey was a beautiful and lovely young lady, bright and agreeable, and it is truly sad that she should be taken when just blooming into young womanhood. She was an operator at the Home Telephone Co., and her young lady associates seem heart-broken over her death, for none knew her but to love and admire her. Besides her parents, she is survived by three sisters and one brother, Misses Margaret, Annie and Mamie Gorey, and Willie Gorey. The funeral occurred from the Catholic church, yesterday morning, at nine o'clock. Services by the Rev. Father J. L. Gorey, of Covington, uncle of the deceased. Burial at Paris Catholic cemetery.

The active pall-bearers were: John McCarthy, J. F. Higgins, T. C. Linehan, Murray Higgins, Ed. Rassentoss and James Higgins.

Honorary pall-bearers: Margaret Shea, Irene Linehan, Mary Kelley, Mary Woods, Ellen Kelley, Eileen Schwartz.

Mr. Richard B. Young, aged 58 years, died Saturday evening, at 7:30 o'clock, at his home on the Jackstown pike, with a complication of diseases. He is survived by his wife and one grown son.

"Col. Dick," as he was familiarly called by his many friends, had been a resident of this county for about fifteen years, and was a clever and popular man. Until his health failed some years ago, he was one of the most noted and successful trainers of trotting horses in the country.

Funeral services were held yesterday morning at the residence, on Mr. Sidney G. Clay's farm, at 9 o'clock, conducted by Rev. Dr. E. H. Rutherford. The remains were taken to Lexington on the 11 o'clock train for burial.

The pall-bearers were: E. B. Marsh, Geo. R. Bell, N. Kriener, James Hukill, Douglas Thomas, Ed. Bedford, Carl Crawford and S. G. Clay.

Mrs. Richard McDonald died at the home of her parents, near Centerville, Wednesday afternoon. The deceased was Miss Fannie Lee Florence before her marriage ten years ago, her father being Levi Florence, then of Nicholas county, but now of Centerville. She was aged 28 years, and besides her husband she leaves three small children. The funeral and burial took place at Hill Top Church, in Nicholas county.

John Fesler, of Goldfields, Nevada, while visiting his brother, Joel Fesler, at Mt. Sterling, died suddenly Friday of acute indigestion. He was sixty-one years old, and was widely known over the State. He was born in Mt. Sterling, but left many years ago and this was his first visit to his old home in fifteen years.

Miss Mattie Henderson, daughter of the late Rev. John A. Henderson, formerly pastor of the Methodist church, in this city, and sister of Rev. H. G. Henderson, died at the home of her brother, Dan Henderson, in Georgetown, Ky., last Wednesday. Miss Henderson was a graduate of

Paris, Ky., Tuesday, June 6, 1905.

THE treatment of Karl Dietrich by President Patterson and the faculty of State College should be condemned by every true Kentuckian. The young man was "Class Grumbler" and submitted his paper to the faculty, and when this autocratic body read a just criticism of some members thereof, it promptly suspended him for a year and refused him his diploma.

The young man, after finding the shoes fit the President and his brethren of the faculty so tight that they pinched, promptly sent a written apology to them. If these men had been true Kentucky gentlemen, as should be at the head of such an institution, the young man's apology would have been accepted, but their refusal to re-open the case proves beyond a doubt that the young man's criticism of them contained more truth than fiction.

We have been thinking for some time that this man Patterson should be removed from the Presidency of this State institution, and the actions of himself and his faculty in this matter shows them to be "small potatoes and few in a hill."

We believe that a change at State College, wiping President Patterson and the present faculty off the slate, would redound to the glory and honor of the State and this institution. There is an old saying that a man can "stay too long," which about sizes up Prof. Patterson's case.

BEST of gold mines is the farm. Energy, industry, persistence and initiative can do wonders with even a small patch of soil. E. W. Geer in the Rural World, cites the case of a farmer with eighteen acres, who raises fruit and poultry, making good money in the operation. The fowls are nearly all separated, housed and yarded, the chicks being partly hatched and partly raised in brooders. The receipts from the different products are given for five years, viz: Poultry, \$1,150.60; eggs, \$1,370.90; fruit, \$2,171.53. Total sales of fowls and eggs, \$2,523.50.

This gratifying result has been obtained, although not one-half the land is planted in fruit. The farmer lives, besides, off the products of his small patch of ground. The income from the poultry exceeds at present that from the fruit by \$461.97. What this man does with his eighteen acres any may do with a small piece of ground. The land, poor and unpromising at first, was as well cared for as the owner's limited means permitted. But he worked hard and steadily, and had at the end of three years the satisfaction to see his labor laureled with success.

An Iowa minister is quoted as saying: "An intoxicating drink is the gift of God and may be enjoyed by any man who can do so without working injury to his fellow men." Now wouldn't that "rattle your slats?" Why when a fellow gets a certain amount of the "gift" he is not in condition to think much of his fellow men, but is pretty sure to work some injury to himself. It does seem to us that there are more big fool preachers in the pulpit to-day than ever before, the crop seems to be on the increase. The minister's statement recalls the answer of the man who was told that he could avoid intoxication by calling for sarsaparilla when he had taken as much whisky as he wanted. He replied: "When I get as much whisky as I want I can't say sarsaparilla."

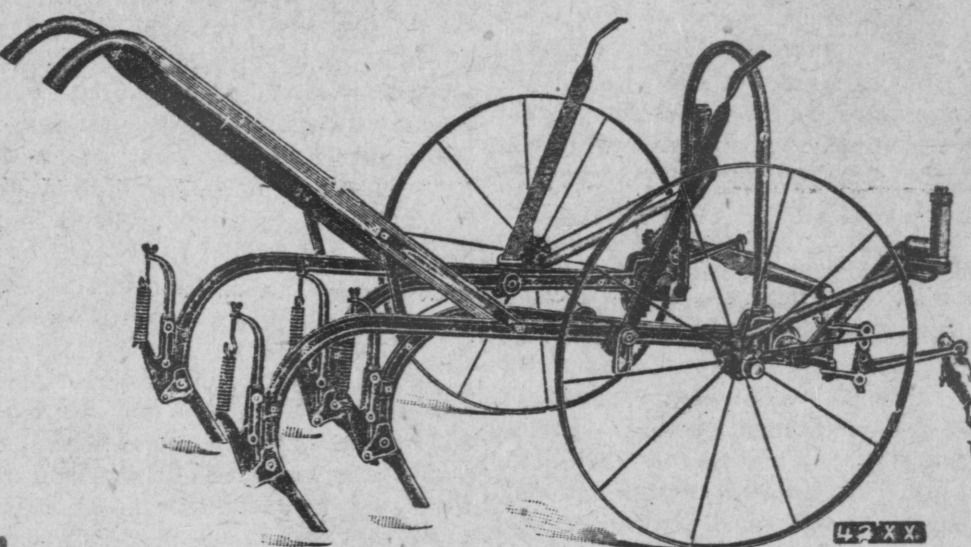

POLICE JUDGE J. J. RILEY, of Lexington, is trying to solve the vexatious servant problem by ordering the police department of his city to arrest all idle women loafing about the streets and elsewhere. The charge placed against the women arrested will be vagrancy. These vagrants will be forced to seek employment or else work for the city in the workhouse. If he solves the problem for the Lexington house-wives he will certainly deserve to be crowned as the very wisest of Judges. He will also be in demand in neighboring towns, as we understand there is a petition in circulation here already among the ladies asking him to move to Paris, as they say there is no one here who has the moral courage to even try to solve the problem for them.

If the Czar has any difficulty in floating his navy, he might call in Mr. J. Pierpont Morgan. The gentleman has the reputation of being able to float anything upon water.

It will be generally admitted that Russia has the greatest submarine navy the world has ever seen. Spain in this respect is a poor second.

The President Speaks Out.

President Roosevelt has spoken a word for peace in the Far East. In a conference with Count Cassini, the Russian Ambassador, at the White House Friday, the President frankly expressed the opinion that Russia's cause was hopeless and that a further prolongation of the war would only increase the demands of Japan. What will be the effect of President's action will not be known until the Emperor has given it consideration. Count Cassini expressed the personal opinion that the "psychological moment" for the discussion of peace had not arrived and added that Japan's terms, as published unofficially, were "impossible."

Signed Obligation to Keep Closed.

The proprietors of all the saloons in Cynthiana have signed an obligation to keep their places of business closed from midnight Saturdays until after midnight Sundays. Those who had been indicted for previous offenses paid the fines agreed upon between their attorneys and the Commonwealth. The Sunday closing agreement is to be perpetual and its violation, which is not anticipated in any instance, would mean a sharp overhauling by the court, says the Cynthiana Democrat.

The Harrison county grand jury, which has just adjourned made a vigorous fight against Sunday closing.

STOCK AND CROP.

—McKinney 2:11½ is the only trotting stallion in the world whose service fee is \$500.

—Dr. M. H. Dailey sold his bay buggy mare Saturday to John J. Hunter, of Millersburg for \$155.

—South Carolina has shipped to Eastern markets this season fully 200 cars of cauliflower, making the year's crop run close to \$200,000.

—Mr. J. H. Roe says he is milking 75 cows on his Illinois farm and they are paying him \$300 per month. He has also 30 brood sows and 150 pigs.

—A Farmers' Club was organized in Garrard county last week with a membership of fifty of the best farmers in the county as a nucleus.

—At the horse sale held in Boston last week James R. Magowan, of Montgomery county, sold four for an aggregate of \$6,405, as follows: Sideview Belle, \$4,200; Robin, \$1,000; Snap, \$850; Duchess, \$355.

—At Mt. Sterling, W. W. Gay & Co., sold to C. C. McDonald, agent for Swift & Co., of Chicago, 497 head of slop-fed cattle for 4½ cents per pound. The cattle will average 1,130 pounds and the sale will approximate \$30,000. It is the biggest individual deal of slop-fed cattle made in Montgomery in years. The cattle will be shipped East in a solid train of twenty-five cars.

—Death from the effects of eating a live rat came to the famous trotting horse Corinto, by Oratorio, 2:13, at Lexington, and before veterinarians could extract the rat from the windpipe of the horse he died in great agony. The small animal was concealed in the feed, and after lodging in the throat of the horse made efforts to gnaw out, and as a result the windpipe of the horse was lacerated. The horse was owned by Desha Breckinridge, editor the Lexington Herald.

—One of the biggest sales of dairy cattle ever held in this country was that of Edward Trotter Price's Guernseys at Spottwood Farm, Broad Axe, Pa., last week by Peter C. Kellogg. Buyers were present from many States and cattle were sold to most all of the New England States, Wisconsin, West Virginia and intermediate section. The 48 head sold made a straight average of \$308.13. The top of the sale was Golden Chance, a heifer in milk, sold to E. C. Converse, of Greenwich, Conn., for \$1,125. Sixteen cows averaged \$486.87; 16 heifers, \$290.31; five yearling bulls, \$232; six bull calves, \$78.33, and five heifer calves, \$144.

—The purchase of the 1904 tobacco crop has just closed in Montgomery county and about 4,000,000 pounds has been secured. The Continental Company Friday completed their purchase of 3,263,000 pounds, more than they have ever secured in any previous year. The tobacco cost an average of ten cents per pound and has been delivered. The crop was above the average and brought good prices, the highest price paid by this company being fourteen cents. Independent dealers purchased 900,000 pounds at an average of nine cents. The year was a money maker for the majority of raisers and increased acreage will be put in this year. The entire crop of 1904 will place over \$350,000 in the hands of Montgomery county planters.

Old-Fashioned Foot Washing.

An old-fashioned foot-washing took place Sunday at Beech Grove church and was witnessed by one of the largest crowds ever seen there says the Bowling Green News. The services were conducted by the Rev. Mr. Jones, of the Baptist church and were solemn and impressive. Men and women were lined up opposite each other on the lawn, and the elders, girded about the waist with a towel, and coats off, went from one brother to another, and the women the same, washing one foot on each member, while hymns of joy were being sung by the congregation. After the foot-washing a big basket dinner was served. A member mounted a stump and invited everybody to eat, as there was plenty for all.

A Rock Crashes Through Roof of Elder J. S. Sweeney's Residence.

Somebody should take steps to stop the wreckless manner in which the blasting is being done at the city rock quarry. If the officials will not stop it, then the citizens should get out an injunction. Yesterday a four-pound rock was thrown by the heavy charge over Elder J. S. Sweeney's residence, on Higgins avenue, landing on the roof of his front porch and crashing through it to the floor. Several young ladies had been sitting on the porch a few minutes before just where the rock landed. A narrow escape from death, just from the wreckless manner in which the city hands are now and have been for months doing this blasting at the city quarry. Numbers of cisterns have been ruined on the hill and it is almost a daily occurrence for large rock to fall in the yards of the citizens on Higgins avenue and in that locality. The jar from these blasts are often felt on Main street. We have called attention to this before, and think now is the time for somebody to act.

BIRTHS.

Born to the wife of Mr. Sam Clay, on Cane Ridge, Saturday, a son—Sam Clay, Jr.

A New Lawyer.

Eithian Lilleston, of this city, who has just graduated from the law department of Central University, was on yesterday examined at Lexington and granted license to practice law. His examiners were Judge Watts Parker, Judge Jere Morton and Major D. G. Falconer. Mr. Lilleston is a studious and bright young man, and we predict success for him in his chosen profession.

High School Exercises.

A large crowd assembled at the Grand Opera House on last Thursday night to witness the closing exercises of the Paris High School. There were four graduates—Misses Mattie Stivers, Louise Grinnan, Henrietta Oberdorfer and Ethel Thompson, Miss Stivers delivering the salutatory and Miss Thomson the valedictory addresses. Rev. Dr. E. H. Rutherford, opened the exercises with the invocation. Prof. Frank Bristow, of Covington, gave several musical selections which were highly enjoyed.

The address of Rev. I. J. Spencer, of Lexington, was one of the best efforts of this noted orator.

The choruses by the school children, under the direction of Miss Julia O'Brien, were rendered in a manner that reflected much credit upon the children as well as the accomplished teacher, Miss O'Brien.

Prof. J. A. Sharon, Superintendent of the school, in his happiest manner presented the diplomas to the graduates, giving the four bright young ladies much good advice.

The Paris city school now ranks with the best in the State, and we can say it is all due to the untiring efforts of Supt. J. A. Sharon, who has few equals and no superiors when it comes to managing a school of this kind. He is devoted to his profession and is all times on the lookout for something that will improve the Paris City School. Such interest as is manifested by him is sure to prove beneficial in every department of the school.

In Respect to a Faithful Employee.

The Home Telephone Co., of this city, closed down its plant yesterday from 9:30 until 10:30 in order that the employees of the plant could attend the funeral of Miss Josie Gorey. The young lady had been a faithful employe of the company, and although being one of the youngest, was considered a model operator, and was highly esteemed and loved by her associates in business. The Home Company showing their appreciation of a faithful employe and the mark of respect to her memory by closing down during the hours of her funeral is to be commended.

The docket for the June term of the Bourbon Circuit Court, which convenes on Monday, June 12th, is the largest for years. It is made up as follows: Appearance, 72; Old Equity, 131; old ordinary, 69; Commonwealth, 321, of which 270 are against the Standard Oil Company.

Narrow Escape For Passengers.

The passengers on the Interurban car that left Lexington at four o'clock yesterday afternoon had a narrow escape from serious accident. As the car was going at full speed around a sharp curve, near Monterey, the trolley pole left the wire and shot through the roof of the car as if it had been fired from a cannon, going through the floor of the car. It glanced by the foot of Fithian Lilliston, tearing a piece from his shoe as if cut by a knife. Conductor Wm. Spencer also received a glancing lick and is suffering with a severely bruised arm. Several passengers were badly frightened.

Children's Day at Christian Church.

The Children's Day exercises of the Paris Christian Sunday School rendered last Sunday was one of exceptional interest and beauty.

This is a day the school observe annually in the interest of foreign missions, and as usual it was in every way a success.

The exercises consisted of songs and declamations, drills and marches and the interest displayed by all the participants explains the success of their undertaking.

The perfection with which all the drills were executed, and the animation and volume of the songs showed the touch of masterful hands for training. The Elks' Band, in their very best strains played the opening march while the school, in a long column, marched to their places.

From beginning to end the happy, joyous faces of bright boys and pretty girls, added a charm to the hour that made one forget the cares of the world, and nothing could have added more to the beauty and pathos of the occasion than the sweetness and purity in the beaming faces of the members of the primary class, as from their position on the platform, they sang their songs for their Master's cause.

The financial feature was as successful as were the exercises. The school during the preparation had accumulated about \$200, to which the audience added about \$40, making the largest collection the school has ever raised for this purpose. All in all it was a most happy and enjoyable occasion, and the school is to be congratulated.

The Richard Hawes Chapter, D. of C., was well represented and had charge of the services. After coverings the grave of the brave heroes of '61-'65 with beautiful flowers, Rev. Dr. E. H. Rutherford opened the services with a touching prayer. Capt. James R. Rogers then paid an eloquent tribute to the memory of the dead comrades and Mrs. Maggie Turney Clay read a poem dedicated to the Southland.

The Cross of Honor was conferred upon the following Confederates: G. T. Bradley, Allen M. Kiser, A. F. Stewart, Newton Current, A. G. Normal, Alexander Talbott and William Stepp. The following Daughters of the Confederacy received the Cross of Honor in memory of their fathers: Miss Mary Mernaugh, for the late Peter Mernaugh; Mrs. May Stoner Clay, for the late Col. RIGHT TIME TO CURE CATARRH

Clarke & Co. Guarantee Will Cure If Used Now.

The early summer when the weather becomes warm and settled, is the best time of the whole year to treat catarrhal troubles with the expectation of complete and lasting relief.

Everyone who has catarrh of the head and throat should know how foolish it is to try and cure it by drugging the stomach.

Until recently your physician would have said that the only way to cure catarrh would be by a change of climate, but now with Hyomei you can carry a health-giving climate in your purse or vest pocket, and by breathing it a few minutes four times a day soon cure yourself.

Everyone who has catarrh, or even a tendency to catarrh, should use Hyomei now, for the benefit will be gained twice as quickly and the disease thoroughly eradicated from the system.

The complete Hyomei outfit costs but one dollar, and includes a neat pocket inhaler, a medicine dropper, and sufficient Hyomei for several weeks' treatment. The inhaler lasts a lifetime, and if more Hyomei is needed, extra bottles can be obtained for 50 cents.

In Paris there are scores of well known people who have been cured of catarrh by Hyomei. If it does not cure you, Clarke & Co. will return your money. This is the strongest evidence they can offer as to their faith in the remedy.

BOTTLED BEER.—Try our Bavarian Bottled Beer. The best made. Only 5 cents per bottle. Recommended for family use.

The St. Petersburg Gazette estimates Russian financial loss as a result of the battle of the sea of Japan at \$73,500,000.

Johann Hoch, convicted wife murderer and confessed bigamist, was sentenced by Judge Kersten, at Chicago, to be hanged June 23.

It is said that indictments against thirty men have been drawn as a result of evidence heard in the "beef trust" investigation in Chicago.

Laborers unloading a car of sand at Bedford, Ind., found bonds and notes worth \$300,000. They were stolen from a bank at Wilmington, Ill., May 9.

Two men are dead, two mortally wounded and several injured as the result of a shooting affair which occurred Sunday a few miles East of Lee City, Ky.

Sixteen warships will commence a six days' attack on the defenses of Washington and Baltimore, June 11, in order to demonstrate the strength or weakness of some particular parts of the defense.

It is said that during the recent Russo-Japanese sea fight the wounded on board the Russian battleship Orel were lashed to the mast to prevent interference with the fighters. The dead were thrown overboard.

Rear Admiral Enquist, of the Russian navy, arrived at Manila Sunday on board his flagship, the protected cruiser Aurora, and accompanied by the cruisers Oleg and Jemtchug. All the vessels were damaged and many wounded were on board.

The coinage of United States mints for the month of May amounted to 15,798,382 pieces, having a value of \$4,079,075. Of this total, \$3,270,000 was gold, \$504,574 was fractional silver, and 2,739,723 nickels and 10,750,003 pennies were added to the circulating coins.

Chicago hears the eminent distinction of being the greatest local point for railroads in the world. There are 24 trunk-lines, besides numerous small roads centering there, with a total mileage of 120,000, or 59 per cent. of the railroad mileage of the United States. Nineteen hundred trains arrive and depart every day from the different stations.

President Francis Patton, of Princeton Theological Seminary, preached a sermon at Princeton, Sunday, in which he said he thought a cold-blooded, right-living rascal who has \$40,000,000 and who can teach Sunday school regularly and drive his bargains every week, always just keeping within the law, was lucky not to be in jail. Dr. Patton did not mention the millionaire's name.

The latest developments in the controversies connected with the management of the Equitable Life is the formation of an offensive and defensive alliance between James H. Hyde and President Alexander. The basis of the accord between them is said to be an agreement to devote their future efforts solely to the furtherance of the interests of the society, and to eschew Wall street transactions. They are said to have agreed that Robert T. Lincoln is the most available man for Chairman of the Board of Directors.

MARKET LETTER.

(Reported by Chrystal & Co., Wilson Building, Paris, Ky.)

June 5, 1905.

CHICAGO GRAIN.

Wheat—Favorable growing weather lower cables and over Sunday, with more liberal estimates for present growing crops were the Bear features. July wheat opened $\frac{1}{8}$ below Saturday's closing, steadied around 88 but gradually declined, the scale touching 87 $\frac{1}{2}$ or a cent decline. After the posting of the visible, which decreased over a million, there was a rally to near the opening prices, but another decline followed below former low point, with final prices 1 cent below those Saturday. Cash quotations firm but poor demand. Primaries equal to those of last year. Would await bulges before selling short. The market is a good scalping proposition between 86 $\frac{1}{4}$ and 89.

Corn—Liberal receipts and lower cables were also the weakening features in corn. Both options sold down $\frac{1}{8}$ cent, but the large sellers of Saturday covered up. This rallied corn a cent from the early decline and final prices were surprising strong in the face of more favorable weather.

Oats—Were strong in sympathy.

Range of prices:

	Wheat	Open	High	Low	Close

NEW YORK STOCKS.

While the volume of business was only moderate, the market was strong throughout. The belief in approaching peace in the Orient and the better outlook in the equitable wrangle outweighed the influences of the bank statement and the market advanced sharply with the list averaging from \$1 to \$2 a share above Saturday's closing. United States Steel, preferred, advanced an even \$2 and the majority of railways over \$1. Amalgamated copper after advancing \$1 in the early trading, was sold down \$2 on rumors that there would be no publication given at the pending quarterly meeting. Near the close buying power lost its force and on moderate selling stocks turned weak, the majority losing their early gain. The steel stocks held good and the tractions were given good support. Market is a scalping affair and is a sale on bulges.
